*run* AGAINST  
TRAFFIC

# “You have to keep sharing because there’s many more like me.”

Those words from a young survivor of human trafficking propelled Tommy Green, founder of **Run Against Traffic**, into the race for restoration.

**Run Against Traffic** is a **movement** of everyday people using their resources and their compassion to support service providers working with those who have survived trafficking. Every service provider they support is carefully vetted, with a high level of confidentiality maintained to protect the healing process of survivors.

Operating with the belief that cause creates community, **Run Against Traffic** is a **rallying point**. Raising awareness and support through races, real estate, and word-of-mouth activism, the 501(c)(3) nonprofit organization is a call to **run, rescue, and restore.**

## QUICK FACTS

- Founded in 2018 by Tommy Green, former lead singer of metal monolith Sleeping Giant
- Began with Tommy's 426 mile run across the state of Utah to raise funds and awareness
- Focuses on fundraising to support vital trauma-informed aftercare for survivors of human trafficking
- Developing strategic partnerships including Child Rescue International and Elevate Academy
- Includes the Realtors Against Traffic initiative
- Featured by Runner's World, Loudwire, Blabbermouth, Knotfest, St. George Spectrum
- Partnered with ethical social media startup Pyvott for dollar-per-download campaign in January 2022
- Endorsed by Brian "Head" Welch of Korn
